KEYNOTE: ERIK QUALMAN

Erik Qualman is a #1 Best Selling Author and Keynote Speaker. Erik Qualman has performed in 60 countries and reached 60 million people. His Socialnomics work has been on 60 Minutes to the Wall Street Journal and used by the National Guard to NASA. His book Digital Leader propelled him to be voted the 2nd Most Likeable Author in the World behind the Harry Potter series. What Happens in Vegas Stays on YouTube helped Qualman be listed by Forbes and Fortune as a Top 100 Digital Influencer. His business books are used in over 200 universities and he has received honorary doctorate for his ground breaking work. His latest book, The Focus Project, is a guide to pursuing less in order to achieve more. Qualman was formerly a sitting professor Harvard & MIT's edX labs.

Most importantly, he's still trying to live up to the "World's Greatest Dad" coffee mug he received from his wife and two daughters.

Speed Networking!

What is Speed Networking?

Speed Networking provides Associate Members with the opportunity to introduce themselves to Regular Members during a series of 8-minute networking sessions. At the end of each session, Associate Members will rotate to the next table.

Space is limited. Cost is \$100 per Associate Member company.

Participation is limited to two representatives per company, and only one reservation per company will be accepted. Pre-registration is required. The Speed Networking event at the Fall Meeting 2022 sold out, so early registration is encouraged. If selected to participate, you will be contacted by Matthew Miller or Tom Bishop.

Registration for Speed Networking will be handled through a separate sign-up form, distinct from the meeting registration form, and will be distributed in a separate announcement.

Keep an eye out for Speed Networking registration sign-up soon!

SPEAKER BIOS

DAVE ULAND is the founder and president of Freehand Engineering, LLC, an engineering consultancy specializing in RFID and printed electronics. Over an 11-year consulting career he has served more than 50 clients across UHF, NFC, EAS, and BLE technologies — from strategic planning and supply chain development through packaging line implementation, converting, encoding, quality and compliance programs. Earlier in his career Dave was a featured speaker at trade shows and seminars on RFID label automation and served as a consultant to Walmart supply chain partners navigating compliant RFID labeling systems. He co-founded ASK-intTag, LLC — a joint venture sited on IBM's trusted foundry campus in Essex Junction, Vermont. Dave holds a BS in Mechanical Engineering from Case Western Reserve University and is the inventor or co-inventor on eight patents. He is based in Granville, Ohio.

JEFF GURITZA is an innovative commercial leader with deep expertise in industrial automation, end-of-line packaging systems, and international channel development. He has built a reputation for merging data-driven decision-making with good-old-fashioned relationship-building and gut instinct. Jeff has led initiatives involving robotics, packaging machinery, distribution strategy, private-label programs, and integrated sales and marketing operations. He brings extensive experience collaborating with global partners of all shapes, sizes and types to drive profitable revenue growth and deliver consistent end-customer success.

MEGAN MCGRORY is the Sustainability Manager for the Americas region at Multi-Color Corporation (MCC), a global leader in premium label and packaging solutions. At MCC, she drives initiatives to advance circular packaging and improve environmental performance. She leads efforts to embed design for recyclability principles across product portfolios, focusing on reducing material complexity, increasing post-consumer recycled content, and aligning packaging strategies with evolving EPR regulations. Megan partners cross-functionally to translate sustainability goals into actionable design and operational changes, helping to reduce environmental impact while improving compliance and overall ESG performance.

MATT EICHMANN is the Founder of Catalyst Point Leadership Advisors, an executive coaching and leadership development firm that helps leaders and teams improve performance through stronger communication, accountability and leadership effectiveness. A former Marine Corps officer and senior executive with more than 25 years of leadership experience, Matt has led teams across manufacturing, finance, investor relations, sustainability and marketing. He is an ICF-certified executive coach who specializes in helping organizations build stronger leaders, healthier cultures, and more consistent business results.

GREGORY M. SCOTT, ESQ. is President of Merevir Consulting, a Washington, D.C.-based lobbying and political consulting firm. Greg is an attorney and lobbyist with over 35 years of experience representing clients and trade associations before Congress and the federal administrative agencies. Greg started his professional career as a legislative assistant to a member on the House Energy and Commerce Committee after college, cut his teeth on elections and fundraising as a political consultant while attending law school at night, and then became a partner in the D.C. law firm of Kelley, Drye and Warren where he acted as PPC outside Counsel. Greg was lured from the law firm into the non-profit trade association world, serving as the Executive Vice President and General Counsel of the American Petrochemical and Fuels Manufacturers and as President and Chief Executive Officer of the Portland Cement Association. Returning to the for-profit world six years ago, Greg started his consulting firm and represents a diverse set of clients as an outside counsel and a government relations advisor.

ACTIVITIES

Golf Tournament - Sunday, March 1st

The Coeur d'Alene Resort Golf Course

It's one of the best-known icons in golf: the famous 14th Hole at The Floating Green. The breathtaking lake views from nearly every hole ease the tension of the formidable challenge presented by The Floating Green. Award-winning, expertly groomed course aesthetics complement the experience. The superb attention to every need and detail sets the scene for the ultimate round of golf—where every guest is considered a member. The experts at Golf Digest, Golf Magazine and Conde Nast Traveler agree: this is one of the world's most memorable golf experiences anywhere.

Designed by Scott Miller, the course is 6,803 Yards in length and encompasses 200 acres.

The course is across the lake and can be accessed by a speed boat or resort shuttle (provided) or driving around the lake. Clubs are not allowed on boats. Plan ahead to get there on time.

8:00am modified shotgun, meet at staging area between 7:00am-7:30am

\$319 per golfer. Rental clubs are \$80 per set-**pay on your registration form.**
